

nature photography tour to
GIR NATIONAL PARK
THE LAND OF ASIATIC LIONS

Asiatic Lion at Gir National Park

15 DEC 2018 | 4 NIGHTS 5 DAYS

WanderVogel
adventures

65 kms to the south-east of Junagadh, in the Kathiawar Peninsula, Gir is the only area where the majestic Asiatic Lions can be seen and photographed. Gir is considered to be one of the most important protected areas in entire Asia. The eco-region Kathiawar-Gir Dry Deciduous Forests, does not only include the Kathiawar Peninsula, where the forest is located, but also other places, like Ranthambore National Park in Rajasthan.

Apart from lions this place houses more than 300 leopards, Sambar, world's only four horned antelope Chowsingha, Jackal, Indian fox, Hyena and many other lesser mammals. Gir also gives shelter to numerous avians. Owls, Nightjars, Sandgrouses, Flamingos, Pelicans are some of the species desired by photographers.

To conclude, this enclosed area will offer you a good opportunity to photograph the rarities amidst a dry and rugged yet dramatic landscape and feel the nature at her best.
